

INDUSTRIAL VISIT

MCA 2ND SEMESTER TO 5G EXPERIENCE CENTER, TECH CITY, AMTRON, BORJHAR, AZARA

An industrial visit was conducted on 28th April 2025 for the 2nd Semester students of the Master of Computer Applications (MCA) Department of Girijananda Chowdhury University, Assam to 5G Experience Center, Tech City, AMTRON, Borjhar, Azara. A total of 20 students participated in the visit, accompanied by faculty member Mr. Arindom Ain from the MCA Department.

The visit was organized with the objective of bridging the gap between academic learning and industry practices, offering students real-time exposure to a government-led technology and incubation ecosystem. The program began with a cordial welcome from the AMTRON team, followed by an insightful presentation introducing the organization's mission, vision, and its pivotal role in fostering the IT sector, especially in the North Eastern region.

INDUSTRIAL VISIT

Students were then taken on a tour of the Incubation Centre, where they explored the startup workspaces and learned about the resources available for budding entrepreneurs. A major highlight of the visit was the IoT Lab, where students observed practical demonstrations of IoT-enabled technologies. Furthermore, the AMTRON team conducted a session on various

startup incubation schemes and funding opportunities, including initiatives like

NGIS and programs supported by the Ministry of Electronics and Information Technology (MeitY). The students were encouraged to consider turning their innovative ideas into viable tech-based startups.

The visit was highly enriching and beneficial for the

students, offering a first-hand look into how innovation, mentorship, and infrastructure come together to support the growth of startups. It also inspired students to think beyond conventional career paths and

consider entrepreneurship as a promising avenue. The MCA Department expresses heartfelt gratitude to the entire team at The Center for their warm hospitality, informative sessions, and commitment to nurturing young minds in the field of technology and innovation.
